

CONTENTS

Genetics and farm animal breeding

1. T. Rychlik, M. Kościelny – Genetic structure of gene reserve population of Whitebacked cattle based on blood group polymorphism 205
2. J. Król, Z. Litwińczuk, A. Brodziak, W. Sawicka-Zugaj – Bioactive protein content in milk from local breeds of cows included in the genetic resources conservation programme. 213
3. J. Jurkiewicz, D. Lipiński, B. Szczęśniak-Fabiańczyk, R. Słomski – Evaluation of the influence of three different methods of transfection on survival of boar spermatozoa 223
4. B. Rejduch, M. Oczkowicz, K. Piórkowska, A. Piestrzyńska-Kajtoch, M. Witoń, M. Rogoz, M. Różycki – Expression of *IGF1* and *IGF2* genes in muscles during development of pigs representing five different breeds 231
5. M. Tyra, G. Żak – Characteristics of the Polish breeding population of pigs in terms of intramuscular fat (IMF) content of *m. longissimus dorsi* 241

The biology, physiology and reproduction of animals

6. P. Wójcik, M. Kruk – The use of zoometric measurements of cows for determination of rump conformation and course of parturition 249
7. B. Barabas, S. Łapiński, M. Antosik – Effect of mating time on reproductive parameters of Rex rabbits 261

Animal nutrition and feedstuffs

8. A. Junkuszew, A. Chalabis-Mazurek, T.M. Gruszecki, G. Wałkuska, H. Bojar – Effect of prophylactic organic selenium preparations on some parameters of lamb muscle tissue quality 267
9. M. Osek, A. Milczarek, A. Janocha, R. Świnarska – Effect of triticale as a partial or complete wheat and maize substitute in broiler chicken diets on growth performance, slaughter value and meat quality. 275
10. W. Szczurek – Performance and nitrogen output in young broilers fed diets containing different plant by-products and formulated with predetermined ileal digestible amino acid values 285
11. F. Borowiec, P. Epler, P. Górka – Effect of adding a mixture of oils to carp pellets on fatty acid profile and amino acid content of meat 299
12. H.T. Korhonen, H. Orjala – Effect of cage dimensions on welfare and production of farmed blue fox. 311
