

CONTENTS

Review

1. E. Semik, J. Krawczyk – The state of poultry genetic resources and genetic diversity of hen populations 181

Genetics and farm animal breeding

2. M. Tyra, M. Szyndler-Nędzka, R. Eckert – Possibilities of using ultrasonography in breeding work with pigs. Part II – Relationships between measurements obtained by different techniques and detailed dissection results 193
3. E. Kapkowska, M. Gumułka, A. Rabsztyn, K. Połtowicz, K. Andres – Comparative study on fattening results of Zatorska and White Kołuda® geese 207
4. A. Jakubczak, M. Bugno-Poniewierska, G. Jeżewska-Witkowska, B. Horecka, M. Buś-Kicman – Genetic differentiation of intergeneric hybrids of Blue Frost foxes and their original forms based on microsatellite polymorphism 219

The biology, physiology and reproduction of animal

5. A. Kozubska-Sobocińska, B. Rejduch, E. Słota, P. Sysa – New aspects of degenerative changes in reproductive system of freemartin heifers 229
6. M. Babicz, B. Rejduch, A. Kozubska-Sobocińska, M. Pastwa, A. Kasprzyk, A. Stasiak, M. Serafin-Kozak – Analysis of sexual activity in gilts in terms of their reproductive value 241
7. G. Piccione, S. Scianò, V. Messina, S. Casella, A. Zumbo – Changes in serum total proteins, protein fractions and albumin-globulin ratio during neonatal period in goat kids and their mothers after parturition 251
8. M. Bryła, M. Trzczińska – Apoptosis in porcine blastocysts derived from 2-4 cell *in vivo* produced embryos subsequently cultured *in vitro* 261
9. D. Kołodziejczyk, S. Socha – Analysis of effectiveness of breeding work and estimation of genetic and phenotypic trends for reproductive traits in American mink 273

Environment, hygiene and animal production technology

10. K. Adamczyk, A. Słania, Z. Gil, A. Felenczak, J. Bulla – Relationships between milk performance and behaviour of cows under loose housing conditions 283
11. H.T. Korhonen, H. Huuki – Digging and its welfare implications for farmed blue fox 295
12. D. Kowalska, P. Bielański – Study on the possibility of using the native Popielno White rabbit breed in commercial farming 309
